EDUCATION

Bachelor of Engineering (B.E) Jawaharlal Nehru National College of Engineering

Relevant Coursework: Computer Science and Engineering

Expected Graduation: 2028

CGPA: 8.25/10

Pre-university courses(PUC), Expert pre-University ,Kodialbail,Mangalore

Relevant Coursework: Physics,Chemistry,Mathematics and Biology

SKILLS

Programming: C, Java, Python

Databases: MySQL, MongoDB

Cloud & Tools: AWS Cloud Quest: Cloud Practitioner, Git, GitHub, VS Code,

Canva Coursework: DSA, DBMS, Operating System, OOP, Software Engineering

PROJECTS

Medical Insurance Cost Prediction (Python)

- Built an ML model for insurance cost prediction.

Fake News Detection using Explainable AI (Python)

- Built an NLP-based fake news classifier with explainability.

CERTIFICATIONS

- Wadhvani Foundation – Fundamentals of Artificial Intelligence
- AWS Cloud Quest: Cloud Practitioner
- MongoDB University Certifications

Soft Skills

Problem Solving, Communication, Teamwork, Analytical Thinking, Adaptability, Time Management
